PLUS

ALOCLAIR[®] PLUS SPRAY - INFORMATION LEAFLET

Aloclair Plus Spray forms a protective film which adheres on the oral cavity affording a mechanical barrier to the affected areas thus relieving the pain caused by exposed nerve endings.

Aloclair Plus Spray promotes healing and helps in the management of pain caused by small lesions in the mouth such as those due to aphthous stomatitis, aphthous ulcers, small lesions caused by braces and ill-fitting dentures. It is also indicated for diffuse aphthous ulcers. The hyaluronic acid and the Aloe vera in the formulation support the natural healing process.

Instructions for use:

When using the product for the first time take the top off and apply vaporizer. Direct the vaporizer towards the lesion inside the mouth and spray three times or as needed to cover the affected area. The vaporizer allows the product to cover the oral lesions with maximum efficiency. Aloclair Plus Spray is safe if ingested.

Ingredients:

Aqua, propylene glycol, polyvinylpyrrolidone (PVP), maltodextrin, aloe barbadensis, potassium sorbate, sodium benzoate, PEG-40 hydrogenated castor oil, disodium EDTA, benzalkonium chloride, sodium hyaluronate, aroma, sodium saccharin, dipotassium glycyrrhizate.

Cautions:

The use of Aloclair Plus Spray is contra-indicated in any patient with a known history of hypersensitivity to any of the ingredients.

Precautions and warnings:

Do not use after the expiry date or if the bottle is opened or leaking. Keep out of the reach of children. Avoid contact with eyes. Store at room temperature, out of direct sunlight. If you frequently suffer from mouth ulcers seek medical advice.
